

## Hallo Kochi... Business Kochi Analytics

Kochi has grown into a metro city, with its significant connectivity, high class infrastructure, and commendable quality of life of its people. Naturally, living in Kochi and "doing something" here, has become the craze of Malayalees and non- Malayalees alike.

Other than the government jobs, what the Kochinites are doing, is still every man's guess. One would like to know of the Livelihood and Business Opportunities that this great City offers. The ISED Business Development Services Centre (ISED-BDSC) can offer you practical inputs on business opportunities, location, funding, and infrastructure.

**Business in Kochi Analytics** provides you business information on the City, location-wise. It provides details on 15 Business Subsectors, that helps you have an idea of the present state of business, and the opportunities that can be pursued by new investors. Click here to [select](#) the business sector or locality of your interest.....
