‘Social and Solidarity Economy’: Focal point of ISED International SME Day 2022

Following the worst days of Covid-19, the Sociology of opportunities again prevail over the Economics of global debates. The International Labour Conference (27 May-June 11) has brought the theme to the fore and has come up with a formal definition of the Social and Solidarity Economy (SSE). India MSME Report 2022 released on June 27, at the International SME Day, comes up with its focal theme, ‘Enterprise Security & Social and Solidarity Economy’. Experts from the Reserve Bank of India, OECD Paris, and the ISED joined together on exploring the opportunities around SSE in the Indian context.
